MILLERS ASK IN-TRANSIT RATE

Some Ontario Mills in Bad Plight.

Competition of Michigan is a Menace.

Ottawa, Dec. 18.—That the flour mills of Ontario will suffer severely from the competition of Michigan mills with the restoration of trading in wheat and flour by the United States and Canada was a statement made by Secretary Watts, of the Dominion Millers' Association, to the Railway Board to-day. Mr. Watts was speaking of the application of the Dominion Millers' Association and the Montreal Board of Trade for the establishment of a milling-in-transit arrangement with respect to grain grown and milled in the Provinces of Ontario

and Quebec, similar to the arrangement which prevails in the Western Provinces. The arrangement adopted by the millers of Eastern Canada is a through rate for the original short haul, plus a point to destination, plus one cent.

Mr. Watts, during the course of his argument before the board, said that the rates enjoyed by millers on Grand Trunk lines operating in Michigan when rebates are considered are considerably lower than those which prevail in Canada.

What the millers of Ontario complain of, he said, was that there is not in Eastern Canada, as there is in the West, a rate to hold down the general millage rate. The medium sized mill, he said, were to-day in a worse position than the small mill, depending entirely on the small rate, or the large rate on through trade. These mills,

with prospective reciprocity in wheat and flour, must have fair treatment or they will go under.

Best Aura Lee by Score of 6-2

Toronto Canoe Club players defeated Aura Lee last night by a score of 6-2 and won the S.P.A. Trophy. The Red Ringed xerophytes, however, forced to extend themselves at all times, and the opinion was general that they will stand much improvement. Every player on the winning team is regarded as a star, but as yet T.C.C. have not mastered the technique of the "Red Ringed" in the way and left plenty of room to hope that they will prove contenders for the future.

The smallest crowd of the season was between three and four hundred fans. The T.C.C. supporters, in the open period the bumps were freely on the changes and at certain points appeared that a free-for-all might result. The winners showed a willingness to change and at certain points and some of these were not of the le-

and deserving of better support by the fans. Both teams went at it hammer and tongs, asked no quarter and gave none. Billy Burch, the former Aura Lee stalwart, was much in evidence and looked like the best man on the ice. He handed out many a stiff body check and received an equal number in return, but he also managed to play good hockey. White, despite the fact that his path to the Aura Lee goal was not strewn with roses, chased Burch close up for the honors. White's shot in goal was up to the mark, but the remainder showed nothing out of

Young Dinsmore was the best of the forwards. But Marshall also turned out a nice game.

Fairly good the puck and cost the team several opportunities to score.

The T.C.C. forward line composed of McCurry, White and McCreary, is the strongest in the city. All are good goal getters and are very speedy. Last night McCurry roamed from his position far back in the defense to the front line. The unusual for him and will be likely be repeated.

Roach, the Aura Ice goalkeeper, is himself of a grand performance and was the best of the team from a worse lot.

Five of the six shots which beat him were from close in. The score read 1-0 to Connacher was shot from the net corner. It hit one of Aura Lee players and was deflected into the net.

T.C.C.—Goal, Worters; defence, Connacher and Applegarth; right wing, White; left wing, McCurry; centre, Burch; subs., Shaw and Hueston.

Aura Lee—Goal, Roach; defence, Burt and Beatty; right wing, M. Burt; left wing, Dinsmore; centre, Young; subs., Goldsmith and Marshall.

Referee—W. Tackaberry.

HELD ON SERIOUS CHARGE.

St. Catharines, Dec. 18.—A young farmer, Charles Perry, who rented a farm near Niagara-on-the-Lake, was arrested here to-night by Detective McCarthy at the request of Chief Sherlock on the Lake.

Last night the house was burned with all contents. He had, it is understood, insurance on the contents. A Niagara officer took Perry back to Niagara-on-the-Lake, and he will be held for trial. Perry is married.

I saw a beautiful girl, of charming figure, with dark flashing eyes, standing near the bank, and looking angrily at him. Instantly he stammered his apologies to her, and she began to laugh.

The girl would not listen. He strode off in high dudgeon. I followed her, and was out of sight when the Prince caught her up.

She dropped gracefully on one knee, and like a lady of the Court in days of old, raised the Prince's hand to her dainty lips. And the Prince, blushing furiously very gallantly put out his other hand and raised her to her feet. Then like a wild thing she scampered off, and was soon lost in

Detroit, Dec. 18.—Charlie Rogers, of Chicago, and Kid Gibbons, of Cleveland, welterweights, battled to a head-to-head here to-night, Rogers having a shade through his work in the closing rounds. The men tore into each other at the start and maintained a terrific pace until the end, Gibbons forcing the fight in the third round. He held his own until the eighth when Rogers had him groggy. He rallied in the ninth but was in a bad way in the tenth. It was voted one of the greatest fights ever seen in Detroit.

There is this difference between a wise man and a fool; the wise man expects future things, but does not depend upon them, and in the meantime enjoys the present, remembering the past with delight; but the fool is wholly carried on to the future.—Epictetus.
